Georgia NATS

Student Auditions Guidelines

(Revised January 2011)

Please be aware the Georgia NATS Student Auditions Guidelines vary from those of the Southeastern Region Student Auditions Guidelines.

Purpose

To offer students of NATS members:

- A. Encouragement toward the preparation of appropriate repertoire;
- B. Stimulation toward the achievement of vocal and musical growth;
- C. The opportunity to sing before qualified and impartial judges and thereby receive careful and constructive criticism;
- D. Public recognition of musical talent and vocal achievement.

Organization

- A. Student Auditions are an annual activity officially sponsored by the Southeastern Region, which includes Alabama, Florida and Georgia. Included are Regional Auditions under the supervision of the Regional Governor and State Auditions under the supervision of the State Governor and Executive Board.
- B. Regional Auditions will be held annually, usually in the spring, and will be preceded by State Auditions. Students with the highest ratings in the State Auditions are encouraged to enter the Regional Auditions, although all students of NATS members are eligible to enter the Regional Auditions.
- C. Student Auditions are not part of the NATS Artist Awards.
- D. For the purpose of these Auditions the following twenty-eight classifications are established:

Category Numbers and Age Limits

A student's Category, with the exception of Categories 1 - 4, shall be determined by:

1. Amount of vocal study, college or private, beyond high school, and not academic standing;
2. However, should the student be affected by the age factor, then age limitations determine the appropriate classifications. A student may enter in a music theater classification and another appropriate classification; registration fees must be paid for both classifications. Please note that Category 19 has been discontinued.

3. One additional music theater selection (any period) at the discretion of the teacher.

[There should not be extensive belting in these categories.]

Eligibility and Participation

- A. Any student currently studying with an active member of NATS and who meets all other requirements herein is eligible.
- B. Since Student Auditions are usually held in the spring, it is assumed that teachers will only present students who have been studying with them since the beginning of the academic year, unless the student has studied with a NATS member previously and such credit is given on the application. From the NATS Code of Ethics:
"It is unethical to claim as a pupil one having studied less than eight months with the teacher---except where there has been no previous training."
- C. Application forms must be filled out completely and mailed by the teacher to the registrar by the stated deadline. The application fee and accompanist fee, if applicable, must accompany each entry in order for the entry to be considered complete. Singers with incomplete entries will not be scheduled for an audition. Checks must be made payable to Georgia NATS.
- D. **Singers who use photocopied music, including use by the accompanist, or who have photocopied music in their possession, will be disqualified unless they have written permission from the publisher in their possession at the time of the audition.**
- E. Auditionees are responsible for securing their own accompanists. **An accompanist may play for a maximum of ten auditions. One singer singing in two classifications counts as two auditions. Voice teachers may not accompany any singer at the piano at all; however, high school teachers may accompany their own students if they attend both days and judge only in college categories.**
- F. Student auditions will be conducted with dignity, efficiency and with considerations for the young performers in accordance with established NATS Audition policies. A procedure manual for auditions may be obtained from the Regional Governor by anyone running auditions.

Adjudication

- A. Teachers who enter students in the auditions must assist in adjudication, but may not judge their own students. A teacher who declines to judge or who finds it impossible to attend the auditions will arrange for a substitute judge. **If a substitute judge is not secured by the teacher, the teacher's student(s) will be disqualified and/or not permitted to participate.**

- B. The optimum number of judges for various categories is three. Only experienced voice teachers familiar with the age and level of advancement of the student should be asked to adjudicate.
- C. Since advancement of Student Auditions is regarded as a professional duty for NATS members, normally no fees will be paid for judges. However, when teachers from outside the chapter or region are asked to assist, or when travel costs are excessive or require equalization, or when services rendered are out of the ordinary, certain expenses may be reimbursed by the Registrar, in consultation with the State President and Treasurer, out of registration fee funds.

- D. Allowable audition time for students according to categories:

Categories 1, 2, 3, 4:	8 minutes
Categories 5, 6, 7, 8, 15, 16, 21, 22:	10 minutes
Categories 9, 10, 11, 12, 17, 18, 23, 24:	12 minutes
Categories 13, 14, 20, 25, 26:	15 minutes
Categories 27, 28	8 minutes

One of the judges will serve as the official timekeeper. **Audition time limits will be strictly observed.**

- E. Standard NATS adjudication forms will be provided. The judges' comments and constructive criticisms will be given to the student's teacher as soon as possible after the judging is completed. **Adjudicators may not list their institutions, telephone numbers or addresses on any adjudication sheet.** No singer's address or school shall appear on the adjudicator's repertoire sheets.
- F. Each judge shall evaluate the following four criteria for each singer: Voice Characteristics, Technique, Musicianship and Artistry. The possible points for each criterion shall be 1 for Superior, 2 for Excellent, 3 for Good and 4 for Fair. The minimum qualifying score for receiving a first place award is an average of 6; second place, 8; and third place, 10. Categories with more than 20 singers may be divided.

If a category is divided, the 1st and 2nd place student in each division will sing in a runoff, before a completely new set of three impartial judges. Each finalist will sing ONE song of their choosing; no repertoire sheets are necessary. The top scorer of the runoff will sing in the winner's concert. Written comments on the regular evaluation forms and the same rating system will be used.

Awards and Final Concert

Certificates of merit will be awarded to all first, second and third place winners of each category or division. The winner of a runoff will not be awarded an additional certificate or monetary award. Cash stipends of \$50.00, \$35.00 and \$25.00 respectively will be awarded to the 1st, 2nd, and 3rd place winners of each category or division. There shall be a final concert given by the first place winners in each category. Awardees will be encouraged to participate in the Regional Auditions.
